

Inhouse Consultant Finance and Process-optimization (f/m/d)

Radolfzell am Bodensee or Zurich

For more than 18 years companies of all sizes rely on HighCoordination's management and IT consulting to solve relevant BI, planning and digitalization challenges - efficient, modern and reliable.

Do you find yourself in the following short profile?

- You are experienced in Finance and controlling and absolutely into numbers
- You are a digital native, IT affine and up-to-date on the latest finance- and controlling-solutions
- You think economically, pragmatically and result-oriented
- You are proactive and assertive about challenges and communication with decision makers and team leaders

..then you are the right person for us!

What can you expect?

- Lead of our internal (digital) reporting and optimization processes
 - Creation of a central system for actual, forecast and planned values, which integrates the revenue as well as the cost side
 - Monitoring and optimization of projects and processes in our core consulting and software development
 - Ensuring adherence and further development of project standards including the underlying system landscape(s) (no independent programming)
 - Taking responsibility for planning and implementation of system-building and system-linking individual measures or projects.
- General controlling:
 - Carrying out target / actual comparisons, deviation analysis and ad hoc evaluations, monthly, quarterly and annual reports
 - Responsible for the monthly closing incl. Inter-Company-Invoicing
 - Cost center and cost unit accounting
 - Preparation and presentation of analyzes for the management
- Building up and support of our Inhouse Finance and Controlling Department
 - Possibility to take on further responsibilities in controlling as well as team leadership function(s).

Which requirements should you meet?

- Completed studies of business administration, economics, business computer science or similar, 4-5 years of hands-on experience will be considered in lieu of degree.
- Work experience in Consulting, Finance, Project Management or similar is desirable
- Very good knowledge of MS Office applications (especially advanced Excel skills)
- Good understanding of BI- and Reporting Tools or databases in general
- Performance, motivation and efficiency
- Excellent communication and presentation skills as well as assertiveness
- Very good knowledge of German, as well as very good English skills

Why us?

- A modern product portfolio, efficient hierarchies and short decision-making processes
- Innovative, market-relevant BI consulting and software solutions
- Above-average, performance-oriented salary system
- Flexible trusted working time model (volume of work 70-100%)
- Development opportunities and team events
- Flexible office Location: Radolfzell or Zurich with the possibility of home office
