

Senior Consultant (f/m/d) Microsoft Data Warehouse

Switzerland

For more than 18 years companies of all sizes rely on HighCoordination's management and IT consulting to solve relevant BI, planning and digitalization challenges - efficient, modern and reliable.

Do you find yourself in the following short profile?

- You are passionate about data and corporate processes, and do not shrink back because of Cloud and Big Data?
- You like to develop solutions for complex cases and you can present them easily?
- You are more a pragmatic than a concern thinking person?

... then you are the right person for us.

Become a BI Consultant and take responsibility for interesting BI projects around the dynamically evolving Microsoft BI tools:

SQL Server, Power BI, Power Apps, and Flow.

Which requirements should you meet?

- A degree in Economics, Science or IT
- Several years of professional experience in consulting / BI area
- Skills: Microsoft Power Platform, T-SQL, SSDT, SSAS, SSRS, DB-Management, TimeXtender
- Ideally experienced in data mining
- Performance, motivation and efficiency
- Excellent communication and presentation skills
- Very good German and good English skills

What can you expect?

- Challenging projects around Microsoft Power Platform technologies
- Full Cycle Consulting incl. project management, conception and implementation
- Short decision-making processes and an open as well as professional team
- Flexible location: Zürich or home-office
- Above-average, performance-oriented salary system incl. company phone
- Trusted-working time model, development opportunities and team events
- Professional business communication regarding to IBCS
- Long-term progression possibilities
